Letter No.1930/1-24, dated the 17th June 1933, from the Inspector of Schools, Coorg & Bangalore.

---

(1) Under Article 45 (ii) of the Grant-in-Aid Code for Indian Schools in the Civil & Military Station, the establishment charges payable by the Managers of Schools to the Municipal Commission for supervision by the Commission's Engineering Establishment of construction of school buildings etc. ~~is~~ are now fixed at 12½% on the works outlay. The Inspector of Schools requested the President, Municipal Commission, to reduce the above charges to 6¼%. The Commission has agreed to fix the charges at 8%. This is beneficial not only to the school authorities but also to the Government in that Government ordinarily pay a half grant to schools for building purposes and the reduction in supervision charges will effect a proportionate reduction in that grant.

(2) The supervision charges fixed at 12½% in Article 45 (ii) of the Grant-in-Aid Code ~~have~~ has now to be revised to 8% and necessary amendment to the Code may issue accordingly. A draft I amendment slip and a draft II requisition to Press are submitted for approval.

- do -

(3) The Inspector incidentally mentions that he has promised the Commission that the European Schools in the Station will also be brought into line with Indian Schools in this matter. Building works for European Schools are at present carried out by the M.E.S. on a payment of supervision charges at *24½%. The suggestion seems to be a good one and the Inspector's pro-

From
F.F.C. Edmonds Esq., M.A., B.Sc.,
Inspector of Schools, Coorg and Bangalore.

To
The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Sir,

OFFICE OF THE RESIDENT IN MYSORE, BANGALORE.
20 JUNE 1933
No. 5367
Dy. 27/31.

Subject:- Supervision and departmental charges for buildings constructed with Govt. Aid.

I have the honour to enclose herein a copy of a letter from the President, Municipal Commission, Civil and Military Station, Bangalore, together with a copy of a Resolution passed by the Municipal Commission on May 25th 1933, wherein the above charges have been now revised and fixed at the rate of 8% instead of 12½% as mentioned in rule 45(ii) of the Grant-in-Code for Indian Schools. I requested the President, Municipal Commission, to reconsider the rate of 12½% in view of the fact that large building grants are to be given by Government this year and that at the present rate, the Engineering Department would receive about Rs.10,000/- in supervision charges. This amount I considered excessive in view of the fact that the Engineering Department employs no extra staff for this work. This sum would be shared equally, by Government and the schools concerned. I asked the President, Municipal Commission, to reduce the charge to 6¼% and thus relieve the schools of a charge of about Rs.2,500/- and release a similar amount for other uses by Government. I promised to

recommend to the Hon'ble the Resident, that in the event of a reduction of the charge, the European Schools should be brought into line with the Indian Schools in this matter. The Municipal Commission agreed to reduce the charge to 8%. I therefore, propose that the necessary change in Article 45(ii) of the Grant-in-Aid Code for Indian Schools may kindly be sanctioned.

2. I am at present engaged in drawing up proposals for the complete revision of the Code for European Schools (which has long been out of date in several important particulars). My proposals for the amendment of the section of the Code dealing with building grants will be submitted along with others, shortly.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg & Bangalore.

Letter No.2451/31, dated 31st May, 1933, from the President, Municipal Commission, Civil and Military Station, Bangalore, to the Inspector of Schools, Coorg and Bangalore, Bangalore.

Subject:-Charges for the supervision by the Municipal Engineering Department of the erection of private school buildings and extensions towards which a Go-vernment Grant is given.

With reference to your letter No.1532/1-24, dated the 9th May, 1933, on the above subject, I have the honour to forward, herewith, for your information, a copy of the Commissionts resolution No.3, dated the 25th May 1933, fixing the supervision charges at 8 per cent for all school works.

J Edmonds

Inspector of Schools,

Coorg & Bangalore.

Copy of Municipal Commission's Resolution dated the 25th May, 1933. (Ordinary Meeting).

---

3. Letter dated the 9th May 1933 from the Inspector of Schools, requesting for a reduction in the rate of the Supervision Charges fixed in the Municipal Commission's resolution No.5, dated the 24th September, 1931 in respect of the supervison by the Municipal Engineering Department of the erection of private school buildings and extensions towards which a Government grant is given.

Recommended.

Resolved that, in supersession of the Commission's resolution No.5, dated the 24th September, 1931 in respect of the supervision by the Municipal Engineering Department of the erection of private school buildings and extensions towards which a Government Grant is given, the rate of ~~supervision~~ supervision charge be fixed at 8% for all school works.

MGIPC—FP—89DCFMis.—(2028)—13 6-25—3,00,000.

Letter No. 1643/4-24, dated the 12th June, 1931, from the Inspector of Schools, Coorg and Bangalore.

---:0:---

In 1929, the Pay and Accounts Officer pointed out that the teaching grants payable to the Secondary Schools in the Station did not appear to be worked out according to the rules in the Grant-in-Aid Code. The education department in the Station was originally under the control of the Director of Public Instruction, Madras, and the grants payable to the schools in the Station were calculated according to the practice adopted in the Madras Presidency, and the same practice has continued even after the Director of Public Instruction ceased his control. Also the rules 32, 33 and 35 which relate to teaching grants to Secondary Schools in the Station were almost the same as those in the Grant-in-Aid Code of the Madras Educational Department. The Pay & Accounts Officer ascertained on a reference to the Director of Public Instruction, Madras, that the practice in Madras was not in accordance with the rules in their Grant-in-Aid Code and that the Government of Madras were examining the question. He also suggested that the Code for the Civil and Military Station might be suitably amended to accord with the existing practice. We received a copy of the amendments made by the Government of Madras to their Code and asked the Inspector of Schools to suggest suitable amendments. He has suggested the following amendments.

Existing Rule.	Proposed Rule.
23. Average daily attendance of pupils.- A grant shall not ordinarily be given or continued to an institution which had not for the previous official year an average daily attendance of 25 pupils.	23. Average daily attendance of pupils. A grant shall not be given to an institution which had not for the previous official year an average daily attendance of 45 pupils in Forms I to III in the case of middle schools or in

	in Forms IV to VI in the case of High Schools.
The Resident may, however, relax this rule in special cases.	The Inspector (~~of Schools, Coorg & Bangalore~~) may, however, relax this rule in special cases.

The proposed rule is in accordance with the new Madras Rule. But in the existing rule power to relax the rule is vested in the Resident whereas in the proposed rule such power is vested in the Inspector. This may perhaps be allowed as there seems to be no objection to it. *In Madras, such power was vested in the Director under the old rule and it continues to be so under the new rule also.*

Rule 32. Income from private sources.- The grant will be considered as supplementing the income guaranteed from endowments, subscriptions, donations and other private sources over & above any expenditure incurred by the management on scholarships or in defraying any difference between the fees calculated at standard rates and those actually collected, provided that the allotment ordinarily admissible may be increased by half the amount of the fee income foregone under Rule 102 of the Madras Educational Rules in respect of Muhammadans, Uriyas, girls, and backward classes and castes.	32.(i) The amount of grant payable in any one year will normally be based on half the approved net cost for the preceding financial year, i.e., half the excess of the approved recurring expenditure over the income from tuition fees reckoned at standard rates. Approved recurring expenditure will comprise such expenditure under teaching staff, establishment, rents, taxes, ordinary repairs and upkeep, contingencies and other miscellaneous items (items 1 to 6 and 15 on the expenditure side of the financial statement - Appendix F) as the Resident considers reasonable. (ii) In addition to the amount payable under sub-rule (i), the management will also be paid a grant equal to (a) the loss in fee income on account of the award of fee concessions under Rule 92 of the Madras Educational Rules, and (b) half the expenditure incurred on scholarships and fee remissions up to a limit of 10 per cent of the fee income reckoned at standard rates provided that the scheme for such scholarships and fee remissions has received the prior approval of the Inspector. (iii) Registered managements of schools will be allowed to retain any profits they may make during the year subject to the condition that the money

th

thus retained is not allowed to accumulate but is spent with the approval of the Resident on improvements to the school.

(5) This rule is worded exactly like the new Madras rule substituting 'Resident' for 'Director' in clauses (i) and (iii) and 'Inspector' for 'Director' in clause (ii) (b). The effect of this rule on the schools in the Station is worked out by the Inspector and his statement below explains the position:-

This statement is based on the teaching grant for 1930-31.

Sl. No.	Name of School.	Under existing rule in the Code.						Under the proposed rule 32 Amount earned (approximate).	Difference between cols. 3 & 9. +More -Less.	Difference between cols. 8 & 9. +More -Less
		Ordinary grant (Rule 32)		Special grants (Rule 35)			Total (Columns 4 to 7)			
		Amount earned	Amount sanctioned.	A	B	C				
1.	2	3	4	5	6	7	8	9	10	11
1.	R.B.A.N.M's High School.	6609	5280	1440	2000		8720	5621	- 988	-3099
2.	St.Joseph's Indian High School.	8830	4960	2750	2760		10470	9729	+899	- 741
3.	Wesleyan Secondary School	3043	2130	780			2910	2982	- 61	+72
4.	St. Aloysius Secondary School.	3142	2390	640			3030	3406	+264	+376
5.	C.V.S.Sabha School.	2089	2500	820			3320	2196	+107	-1124
6.	Goodwill Girls' High School.	6445	3680	1570		550	5800	7826	+1381	+2026
	Total.	30158	20940	8000	4760	550	34250	31760	+1602	-2490

A. The grants noted in col. 5 are made since 1920-21 for improving the pay and prospects of teachers. (S.N.21/270-20)
B. Rs.2,000/- specially to the R.B.A.N.M's High School for improving the pay & prospects of teachers in that school and Rs.2760 to the St. Joseph's Indian High School for the appointment of three Indian graduates since 1918-19. (S.N.177/238-85) (S.N.165/238-85)
C. Rs.550/- to Goodwill Girls High School towards the employment of a music teacher since 1929-30. (Para 5 of S.N.7/71-10)

(S.N.507/14 71-1910)

(7) It is seen from the above statement that the amount of ordinary grant under the proposed rule earned by (1) R.B.A.N.M's High School is less by Rs.988/- than under the existing rule and that in the case of (3) Wesleyan Secondary School, it is less by Rs.61. The other schools (2), (4), (5) and (6) will earn more than they do at present.

(8) But when compared with the total grants (including special grant) hitherto paid to them, (1) R.B.A.N.M's High School (2) St. Joseph's Indian High School, (5) C.V.S. Sabha School will lose Rs.3099, Rs.741 and Rs.1124/- respectively while 3, 4 and 6 will get more, namely, Rs.72, 376 and 2026 respectively. It seems desirable to merge the special grants paid ~~on account of~~ for the improvement of the pay and prospects of teachers etc., in the ordinary grant under the new rule 32. This can be done in the case of schools (3), (4) and (6) which earn an amount of grant greater than the total amount they get at present. But in the case of (1), (2) and (5) the amount that they ~~will~~ will have earn ~~less~~ to be supplemented by an additional grant under the authority of the proposed rule 35(2) for the reasons given in para.7 of the Inspector's letter.

(9) The special grants are given for improvement of the pay and prospects of teachers etc. and if they are merged in the ordinary teaching grant, it is possible that the managers of schools may stop the special bonus now paid to the teachers without a corresponding increase in their salary. In such cases, the Inspector has to safeguard ~~guard~~ the interests of teachers, for the benefit of the Teachers, and where the management does not utilise ~~that~~ that purpose, portion of the grant ~~which is~~ intended for ~~the benefit of the teachers~~, the total grant payable will have to ~~should~~ be reduced by that portion.

Existing rule.	Proposed rule.
(10) Rule 33.	Delete this rule.

(11) The deletion of rule 33 is consequent on rule 32 being sufficient and self contained.

Rule 34..

Rule 34.

Calls for no action as this has already been deleted ~~and there is no need for its deletion again.~~

Rule 35. Amount of grant payable.-

The amount of grant payable in any year will ordinarily be the amount allotted.

The amount may be increased if any additional standard has been opened with the approval of the Department or on account of any other approved increase in expenditure.

The amount may be decreased should it be found to exceed the amount permissible in accordance with the principle laid down in rule 33; or should the expenditure be considered unreasonable; or on account of a deterioration in efficiency; or on account of failure to remedy defects in organization, discipline, instruction & accommodation pointed out in writing after a previous inspection; or as the effect of the operation of rules 24 or 36; or on account of an insufficiency of funds. The grants under this rule are sanctioned by the Resident.

35.(1) The amount of grant payable in any one year may be decreased, should the expenditure be considered as unreasonable, or on account of deterioration of efficiency, or on account of failure to remedy defects in organization, discipline, instruction or accommodation pointed out in writing after a previous inspection, or as the result of the operation of rule 24 or 36, or on account of insufficiency of funds.

(2) Higher grants may be sanctioned in exceptional circumstances, such as payment of grants towards improvement of pay and prospects of the staff, appointment of staff for special subjects, such as Music, Manual Training etc., or where the net cost to the management on the school (the total expenditure on the school minus the income-Appendix F) is so heavy that the management is unable to bear it unaided, provided that in no case are Government grants made a source of profit to the management.

The grants under this rule are sanctioned by the Hon'ble the Resident.

Clause (1) of Rule 35 is in accord with the proposed Madras rule 35 but clause (2) of rule 35 is not contemplated in the Madras rules.

Clause (2) of rule 35 is necessary to enable the Resident to sanction to such schools as could not earn their present total grant (Ordinary & special) under the proposed Rule 32, additional grant to make up the difference between what they get at present and what they will get under the proposed rule 32. The special grants that are

× Col. 8 of the statement at para. 6 ante.

§ Col. 9 of the statement at para. 6 ante.

Cols. 5, 6 and 7 of the statement at para. 6 ante.

are now paid should be merged in the ordinary grant under rule 32 wherever the amount earned by the school is sufficiently large, but where this is not possible recourse should be had to clause (2) of rule 35 to supplement the grant earned under rule 32 to the extent of the amount paid at present. As regards those schools which, under the proposed rule 32, will earn more than they do at present, we may not give them all that they are eligible for, owing to insufficiency of funds or other reasons. Even now we are not paying to some schools the amount they actually earn - vide columns 3 and 4 of statement. Some schools keep very highly paid staff and thus show an increased expenditure. It seems that the scale of salaries paid should be subject to a maximum prescribed by Government for purposes of admitting expenditure.

(15) For example, The figures of increase shown by the Inspector are only approximate. the amounts shown by the Inspector in the statements in the P.U.C. against the loss of fee income on account of the award of fee concessions to girls, Muhammadan and Oriya boys and boys belonging to the backward classes and castes under rule 92 of the Madras Educational Rules and half the expenditure incurred on scholarships and fee remissions up to a limit of 10 per cent of the fee income reckoned at standard rates, are not based on the actual loss sustained by the school. It seems we have to make good only actual loss in fee income incurred by the management, as there may be a number of pupils who are eligible for a concessional fee but do not actually enjoy it.

Under the proposed rule 32, two points require clarification.

(1) Standard rates.

No standard rates of fees appear to have been fixed by the Resident. But when in 1910, the Managers of certain Indian Secondary Schools represented that they should be allowed to levy fees at the rates prevailing in the

the Mysore State schools in Bangalore City, instead of at the rates mentioned in the Madras Educational rules, their request was granted by the Resident - Vide S.N.2/48-1910 and point 2 in S.N.4/71-1910. Whether those old rates themselves that are now current or whether they have been enhanced subsequently is not known. But it is essential that whatever fees are levied they should be declared by the Resident as standard rates for the Station. If we ignore this point now, eventually the Audit Department will raise it and the grants that will be paid under the new rule will be held under objection. Therefore the Inspector may be asked to intimate for the orders of the Resident the standard rates of fees for the Indian secondary schools in the Station, in consultation with the Correspondents of schools, if necessary.

(2) Approved recurring expenditure.

This will comprise such expenditure under teaching staff etc. as the Resident considers reasonable.

There should be some uniformity among the institutions of the same grade in their expenditure under teaching staff. For example, the pay of the Headmaster of the St. Aloysius Secondary School bears no comparison to that of the Headmaster of the Wesleyan Secondary School and the C.V.S.Sabha School. The big gap between the pay of the Headmaster and his immediate Assistant of the St. Aloysius Secondary School is very striking.

St. Aloysius.		Wesleyan.		C.V.S.	
H.Master.	225	S.H.M.	88	H.M.	71
1st Asst.	60	H.M.	87	1st Ast.	50
2nd "	31	1st Asst.	55	2nd "	50
		2nd "	43		

It seems desirable to lay down a reasonable scale of salary for the teaching staff of the incomplete and

complete

complete Secondary schools in the Station as a maximum for purposes of admitting expenditure for calculation of teaching grant. This will act as a check against some schools from showing greater expenditure by paying some members of their staff very high salaries. If approved, the Inspector may be asked to draw up a scale of salary for the teaching staff, if necessary, in consultation with the correspondents of schools, for the approval of the Resident.

The Managers of Schools should be warned of the proposed amendments to the rules in the Code with effect from 1st April 1932.* As the grant for 1932-33 will be based on the financial statement for 1931-32, it seems desirable that the Inspector should warn them as soon as possible.

*Probably we will ask the Government to give effect to the amendments from 1-4-1932.

Submitted for orders whether these notes may be sent u.o. to the Inspector of Schools for favour of remarks. If he agrees with the above he may send up proposals officially.

P.V. Krishnaswamy
27.6.31.

(From para 1)

22/8

25.8.31

27/8

W.O. No. 6244
Dated the 28th Aug. 1931.

To the Inspector of Schools, Coorg and Bangalore, U.O.

(22) Please see para 9 above. Under the new Rule, grants given under the existing Rule for whatever purpose will presumably be merged into a single grant assessable under the new Rules. The question of safeguarding the interests of teachers will not arise if we prescribe <u>minimum</u> as well as maximum salaries which may be paid to the teachers. The school grant will vary according as to whether it pays its teachers more, or less, within these approved limits.

(23) Please see para 14 above. (Portion I have marked A) I do not agree. It is not intended to have recourse to Rule 35 Clause (2) without good reason. The fact that the school may earn less under the new rules than it gets at present does not in itself constitute a sufficiently good reason, without further examining the case to see if any special factors warrant such a concession. If there are no such factors the alternative conclusion is clearly that the school is at present over paid. i.e., if the new rules are accepted as equitable. Similarly it would be premature to decide that schools which receive now, less than they will earn under the new rules, are to remain (possibly) underpaid and to fasten on the loophole of insufficiency of funds to justify such a decision. Grants should be assessed strictly in accordance with the rules after the expenditure (including that on salaries) has been declared to be 'reasonable'. This point will be dealt with in reassessing the grants under the new rules, at the appropriate time.

(24) The presumption in the last sentence of para 15 is correct, with the condition that compensation is limited to the whole of the loss sustained by the school in giving fee concessions under Rule 92 of the Madras Educational Rules, and to half the loss sustained by the school in giving fee remission up to a limit of 10% of the income, in cases not covered by Rule 92 of the Madras Educational Rules.

(25) With reference to para 16, the schools in the station charge a uniform rate of fee, which rate seems to have been decided by Mr. Yates a few years ago after consultation with

managers of the schools. These rates will be put up officially for the approval of the Resident and to be declared 'Standard Rates' for the purpose of these rules.

(26) With reference to para 17, I held a conference a few months ago on this question and suggested that schools should adopt uniform scales of pay, based on the Madras rates. The two Boys' High Schools (St. Joseph's and the R.B.A.N.M's High School) ~~have been able~~ agreed to adopt my suggestion with certain agreed modifications. The Lower Secondary Schools stated that they could not give an increased rate of pay on the scale I proposed without further assistance from Government. There are several factors to be considered. A European head of an Indian School expects to draw more than an Indian Head, unless the former is a priest in which case the salary given in the returns is a nominal one. In the case of the Wesleyan Lower Secondary School, if the teachers are put on a time scale of pay the teachers in the other schools run by the Mission (Elementary Schools) will ask to be similarly treated and the managers cannot contemplate this additional expenditure. Since grants are now to be revised, it should be possible I think to ensure that, schools can pay a fair salary to their teachers. The grant would vary according to the salaries paid; and while schools could not, in fact, pay at uniform rates of salary owing to the differences in the resources of the schools, we might perhaps prescribe <u>minimum</u> salaries which must be paid, as a condition of aid, besides suggesting the scale that is already being adopted in the High Schools as the rate to be aimed at. Salaries paid in excess of this scale would not be treated as admissible expenditure unless special reasons for doing so, were forthcoming.

(27) I am submitting officially my proposal regarding the standard rates of fees to be approved by the Resident. Early orders may kindly be issued instructing me to warn schools of the proposed changes in the Rules, to take effect from 1.4.1932. I shall deal with the salary question in the mean-time.

Fine

(1)

Letter No.4157/4-24, dated the 18th November 1931, from the Inspector of Schools, Coorg and Bangalore.

The teaching grants to Indian Secondary Schools recommended by the Inspector of Schools for payment during the current year are compared with those sanctioned for the last year as follows:-

	Amount sanctioned for 1930-31.			Amount recommended by the Inspr. for 1931-32.			Difference +more -less
	Ordinary grant. Rs.	Special grant. Rs.	Total. Rs.	Ordinary grant Rs.	Special grant Rs.	Total. Rs.	Rs.
1.R.B.A.N.M's High School.	5,280	3,440	8,720	6,212	2,308	8,520	-200
2.St.Joseph's Indian High School.	4,960	5,510	10,470	8,988	1,267	10,255	-215
3.Wesleyan Mission Boys' Secondary School.	2,130	780	2,910	~~3,094~~ 3062	-	~~3,094~~ 3062	+~~184~~ 152
4.St.Aloysius Secondary School.	2,390	640	3,030	~~2,489~~ 2827	~~409~~ 71	2,898	-132
5.C.V.S.Sabha Secondary School.	2,500	820	3,320	2,190	1,059	3,249	- 71
6.Goodwill Girls' High School.	3,680	2,120	5,800	~~6,734~~ 6689	-	~~6,734~~ 6689	+~~934~~ 889
	20,940	13,310	34,250	~~29,707~~ 29,168	~~5,045~~ 4,705	~~34,750~~ 34,613	+~~500~~ ~~473~~ 423

From the above it is seen that schools 1, 2, 4&5 get less and that schools 3 and 6 get more than last year. The net increase in the total grants is Rs. ~~500~~ ~~473~~ 423

(2)

The Inspector says that the same method of calculation as was adopted in previous years has been followed this year also. But from 1st April 1932, the calculation will be in accordance with the new rules which have been submitted to the Govt, of India for approval. In this connection, please see para (2) of the Resident's order No.8506, dated the 26th November 1931.

S.N.2

(J)

S.N.5

168/31

(F)

In the statements received with the Pine the following defects appear:-

(3)

St. Joseph's Indian High School.

Items 1 and 6 of the expenditure in the Financial Statement do not agree with the corresponding totals of details furnished.

Details for item 2 of the expenditure are not given.

R.

(4) R.B.A.N.M.'s High School.

Details for item 5 of the expenditure have not been furnished.

Wesleyan Mission Boys' Secondary School.

(5) Details for items 2 and 5 of the expenditure have not been given.

Item 4-Taxes-Rs. 12-8-0. Information as to whether the sum of Rs.12-8-0 includes the tax paid on the building which, though purchased from Government funds, was not utilised for educational purposes, may be ascertained, as it has to be excluded.

St.Aloysius' Secondary School.

(E) 4/5th of fees in classes above the IV standard in Col.9 of the Fee Return worked out by the Inspector's office does not appear to be correct.

Details for item 5 of the expenditure ~~has~~ have not been furnished.

C.V.S.Sabha School.

(7) Details for item 5 of the expenditure ~~has~~ have not been given.

Goodwill Girls' High School.

(8) Fees at half rates collected -Col.11 of the Fee Return - worked out by the Inspector's office does not appear to be correct.

(9) These notes may be sent U.O. to the Inspector of Schools so that the defects may be rectified and details, where necessary, furnished.

(10) The Inspector may also be asked whether the balance of teaching grant payable to the Wesleyan Boys' Secondary School during the current year may be withheld under rule 36 of the Grant-in-Aid Code pending refund of the building grant which the Inspector was asked to demand from the Correspondent- Vide letter No.7715, dated the

27th

S.M.21/185/23 (F)

27th October 1931 to the Inspector of Schools.

5/12

A.P.

7.12.31

Secl. 8/12

W.O. No 8869
10th Dec. 931.

To the Inspector of Schools, Coorg and Bangalore, U.O.

(11) Details of the expenditure under item 5 of the Financial Statement asked for in the case of several schools in the above notes are not required by the Code (vide appendix F). I have however collected them and they are attached to the file. It may please be stated whether I should continue to call for this information.

Wesleyan Mission Boys' Secondary School:-
~~St. Joseph's Indian High School~~:- (12) Details for items 2 and 6 are now furnished. The expenditure on taxes and part of the expenditure on repairs has been disallowed as these refer to the building purchased with Government funds but not utilised for educational purposes.

(13) St. Aloysius Secondary School.- The calculation has been corrected and details for item 5 furnished.

(14) C.V.S. Sabha School.- Details for item 5 are now furnished.

(15) Goodwill Girls' High School.- The calculation has been corrected. The balance of the grant due to the Wesleyan Mission Secondary School is Rs. 1,232/-. (16) I think the best course would be for the Resident formally to sanction the payment of the amount, but that a note might be made on the order, stating that I should credit

this amount to Government instead of authorising its payment to the school, as part of the refund of -- Rs.1,463/- due to Government from the Correspondent. This will leave a balance of Rs. 231/- to be refunded by the Correspondent before January 27th.

OFFICE OF THE ACCOUNTANT GENERAL
BANGALORE.
Regd. No. 11996
File. No.

(17)

St. Joseph's Indian High School.- The details for items 1 and 6 furnished by the Correspondent have been compared with the school registers and corrected. The totals given in the Financial Statement are correct. Details for item 2 are now furnished.

A.O.6577/4.24
24-12-31

The statement of recommendations has been revised accordingly.

23.12.31

(18)

Please see from para 1 of these notes.

The grants as now revised by the Inspector may be sanctioned. Draft submitted.

Details of items of admissible expenditure are necessary for scrutiny in this office. After we called for details, in the case of the Wesleyan Mission Boys' School, the Inspector has found that certain inadmissible items were included by the management.-Vide paras 5 and 12 of these notes.

P.V. Krishnaswamy
2.1.32.

15.1.32

(19) Is the writing clerk aware of G.O.M.S. orders cutting down the budget. I fail to see how the clerks can deal independently with the Educational part of our expenditure.

(21) The draft submitted is for sanctioning the grants payable for 1931-32 for Indian Secondary Schools. The allotment for 1931-32 under "Account II-Education-B. Grants-in-Aid to Non-Government Secondary Schools-Grants-in-Aid to Secondary Schools" viz., Rs. 1,25,000, has not undergone any cut. It is only from 1932-33 the amount for expenditure under that head will be reduced.- Vide S N ×103/379/31. Therefore the grants for 1931-32 as recommended by the Inspector may be sanctioned.

Inspector of Schools, Coorg & Bangalore.

To

The Secretary to the Hon'ble the Resident

in Mysore, Bangalore.

S.N. 16/a W/1

Sir,

S.N. 17 71-10

With reference to your No.2763/71-10, dated 16.4.1931, I have the honour to return herewith the Order No.112 Education, dated 23.1.1931, together with the copy of G.O.No.1157 Edn., dated 12.6.1930.

2. A draft of the amendments that I propose should be made to the Grant-in-Aid Code for Indian Schools in the Civil and Military Station, Bangalore, is enclosed. The draft is on the lines of the Madras Rules, but I have expended Rule 35, for reasons which are explained below.

3. The statement below shows (1) the grants to which the schools would have been entitled to during 1930-1931, if the grants had been paid according to the new Madras Rules, and (2) the grants actually paid during 1930-31, according to the existing practice.

Statement I

Names of Schools.	Grants to which the schools would have been entitled under the Madras Rules during 1930-31.	Grants sanctioned for 1930-31.
	1	2
1. R.B.A.N.M's High School.	Rs. 5,621/-	Rs. 8,720/-
2. St. Joseph's Indian High School.	" 9,729/-	" 10,470/-
3. Wesleyan Mission Boys' Secondary School.	" 2,982/-	" 2,910/-

p.t.o

4. St. Aloysius Secondary school.	Rs. 3,406/-	Rs. 3,030/-
5. C. V. S. Sabha School.	" 2,196/-	" 3,320/-
6. Goodwill Girls' High School.	" 7,826/-	" 5,800/-
Total.	" 31,760/-	" 34,250/-

Note:- Probably the figures given in column 1 are a little high as the compensation given under Rule 32 (ii) and-& a, & b, cannot be accurately computed without certain statistics from the schools, that are at present not supplied.

4. A statement showing how the grants in column 1 are arrived at, is given below:-

Statement II.--- 1930-31.

1. R.B.A.N.M's High School, Bangalore.

1. Admissible expenditure (items 1 to 6 of the financial statement).	Rs. 23,080-8-0
Minus Income from fees (if all scholars are charged at full rates)	" 12,249-8-0
	10,831-0-0
½ the net expenditure.	5,415-8-0
Plus the loss in fee-income under Rule 32 (ii) (a) and (b) (Col.11 of the Fee Return.) -----	205-12-0
	5,621-4-0
	or Rs. 5,621/-

2. St. Joseph's Indian High School, Bangalore.

Admissible expenditure (items 1 to 6 of the financial statement).	32,727-0-0
Minus income from fees (if all scholars are charged at full rates.)	22,347-0-0
	10,380-0-0
½ the net expenditure.	5,190-0-0
Plus the loss in fee-income under Rule 31 (ii) (a) and (b) -(Column 11 of the Fee Return).	4,538-12-0
	9,728-12-0
	or Rs. 9,729/-

3. Wesleyan Mission Boys' Secondary School,Bangalore.

Admissible expenditure (items 1 to 6 of the financial statement.)	8,393-0-0
Minus income from fees (if all scholars are charged at full rates.)	2,900-0-0
	5,493-0-0

p.t.o.,

½ the net expenditure.	Rs.	2,746-8-0
Plus the loss in fee-income under Rule 32(ii) (a) & (b) (Col.11 of the Fee Return.)	"	235-14-0
	"	2,982-6-0
	or Rs.	2,982/-

4. St. Aloysius Secondary School, Bangalore.

Admissible expenditure.	Rs.	10,321-0-0
Minus Income from fees (if all scholars are charged at full rates.)	"	5,610-0-0
	"	4,711-0-0
½ the net expenditure.	"	2,355-8-0
Plus the loss in fee-income under Rule 32 (ii) (a) and (b).(Col.11 of the Fee Return.)	"	1,050-8-0
	"	3,406-0-0

5. C.V.S. Sabha Secondary School.

Admissible expenditure.(items 1 to 6 of the financial statement.)	"	5,638-0-0
Minus Income from fees (if all scholars are charged at full rates.)	"	1,980-0-0
	"	3,658-0-0
½ the net expenditure.	"	1,829-0-0
Plus the loss in fee-income under Rule 32(ii) (a) & (b) .(Column 11 of the Fee Return.)	"	366-12-0
	"	2,195-12-0
	or Rs.	2,196/-

6. Goodwill Girls' High School, Bangalore.

Admissible expenditure.(items 1 to 6 of the financial statement.)	"	15,653-0-0
Minus income from fees (if all scholars are charged at full rates.)	"	5,524-0-0
	"	10,129-0-0
½ the net expenditure.	"	5,064-8-0
Plus the loss in fee-income under Rule 32(ii) (a) & (b) (Column 11 of the Fee Return.)	"	2,761-0-0
	"	7,825-8-0
	or "	7,826/-

5. The grants shown in Column 2 of Statement I are arrived at as follows:-

Statement III.

1930-31.

	Ordinary. Grant.	Special Grants. A.	B.	Total.
1. R.B.A.N.M's High School.	5,280	1440	2000	8,720
2. St. Joseph's Indian High School.	4,960	2750	2760	10,470
3. Wesleyan Mission Boys' Secondary school.	2,130	780	--	2,910
4. St. Aloysius Sec. School.	2,390	640	--	3,030
5. C.V.S. Sabha School.	2,500	820	--	3,320
6. Goodwill Girls' High School.	3,680	1570	550	5,800
	Rs. 20,940	8000	5310	34,250.

Note:- The special grants under Column A have been invariably allocated in this manner from the grant of Rs. 8000/- sanctioned annually by the Hon'ble the Resident for the improvement of pay and prospects of teachers. The special grants under Column B are for ~~the~~ specific purposes ~~etc.~~ etc.,

These also are sanctioned annually by the Hon'ble the Resident.

6. It will be seen ~~from~~ that figures in Columns 1 and 2 of Statement I bear little relation to one another. Some schools lose heavily under the new Rules, (e.g.,) Numbers 1 and 5. Others gain considerably (e.g., No.6).

7. The special grants in Columns A and B of Statement III are sanctioned by the Hon'ble the Resident, under Rule 35 of the Grant-in-Aid Code for Indian Schools in the Civil & Military Station, Bangalore, as it now stands. In the Revised Madras Rules, this provision for giving grants greater than those earned under the Rules no longer appears. This provision I have retained, in the draft Rules that I propose. It must be remembered that the managements of the Schools differ widely in their resources. Some are run by Trusts, some by Missions, the C.V.S. Sabha School, by one gentleman who is the Manager. This latter School has no income worth mentioning apart from the interest from a little house property owned by the Manager. It is extremely unlikely that it could stand the 30% cut in its grant, which the application of the Madras Rules would entail. Although the R.B.A.N.M's charities, are on a different plan altogether, financially, the reduction of the grant to the R.B.A.N.M's High School, from Rs.8,720/- to Rs. 5,621/-, would, I imagine be a very serious matter indeed. For these reasons, I have added to the Rule 35 a provision under which additional grants may be paid under certain circumstances.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg & Bangalore.

PR/11.6.

Office of the Inspector of Schools,
Coorg and Bangalore, Bangalore,

Dated .6.1931.

Proposed amendments to the grant-in-Aid Code for Indian Schools in the Civil and Military Station, Bangalore. -

(1) Rule 23.- Substitute the following for this rule:-

"A grant shall not be given to an institution which had not for the previous official year an average daily attendance of 45 pupils in Forms I to III in the case of middle schools or in Forms IV to VI in the case of High schools.

The Inspector ~~of Schools, Coorg & Bangalore~~ may, however, relax this rule in special cases."

(2) Rule 32.-- Substitute the following for this rule:-

"(i) The amount of grant payable in any one year will normally be based on half the approved net cost for the preceding financial year, i.e., half the excess of the approved recurring expenditure over the income from tuition fees reckoned at standard rates.

"Approved recurring expenditure will comprise such -- expenditure under teaching staff, establishment, rents, taxes, - ordinary repairs and upkeep, contingencies and other miscellaneous items (items 1 to 6 and 15 on the expenditure side of the financial statement- Appendix F) as the Resident considers reasonable.

"(ii) In addition to the amount payable under sub-rule (i) the management will also be paid a grant equal to

(a) the loss in fee income on account of the award of fee concessions under Rule 92 of the Madras Educational Rules, and

(b) half the expenditure incurred on scholarships and fee remissions up to a limit of 10 per cent of the fee income -- reckoned at standard rates provided that the scheme for such scholarships and fee remissions has received the prior approval of the Inspector of Schools, Coorg & Bangalore.

"(iii) Registered managements of schools will be allowed to retain any profits they may make during the year subject to the condition that the money thus retained is not allowed to accumulate but is spent with the approval of the Resident on improvements to the school."

(3) Rules 33 and 34.-- Omit these rules.

(4) Rule 35.-- Substitute the following for this rule:-

(1) "The amount of grant payable in any one year may be decreased, should the expenditure be considered as unreasonable, or

on account of deterioration of efficiency, or on account of failure to remedy defects ~~or~~ in organization, discipline, instruction or accommodation pointed out in writing after a previous inspection, or as the result of the operation of rule 24 or 36, or on account of insufficiency of funds."

(2) Higher grants may be sanctioned in exceptional circumstances, such as payment of grants towards improvement of pay and prospects of the staff, appointment of staff for special subjects, such as Music, Manual Training &c., or where the net cost to the management on the school (the total expenditure on the school minus the income-Appendix F) is so heavy that the management is unable to bear it unaided, provided that in no case are Government grants made a source of profit to the management.

The grants under this Rule are sanctioned by the Hon'ble the Resident.

Inspector of Schools,
Coorg & Bangalore.

Amendments to the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore.

Sir,

I have the honour to submit for the approval of the Government of India a draft of certain amendments which it is proposed to make in the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore.

2. Rules 32, 33 and 35 of the Code regulate the grant of teaching grants to Secondary Schools. In practice, however, the grants given are not calculated strictly in accordance with those rules but the practice prevailing in Madras is followed. As the educational affairs in the C and M Station, Bangalore, were

S.N. 326 71/10

Bangs S&I

S. 5.
MGIPC—S1—788(III)DCF—10-8-31—11-7-29—50,000 Pads.

were up to the 31st March 1923, under the general supervision of the Director of Public Instruction, Madras, and as the corresponding rules in the Grant-in-Aid Code of the Madras Educational Department were similarly worded, the practice prevailing in Madras was adopted here. According to rule 32 of the Code, a grant will be considered as supplementing the income guaranteed from endowments, subscriptions, donations and other private sources over and above any expenditure incurred by the management on scholarships or in defraying any difference between the fees calculated at standard rates and those actually collected, provided that the allotment ordinarily admissible may be increased by half the amount of the fee income foregone under rule 102 (rule 92 in the revised rules) of the Madras Educational Rules in respect of Muhammadans, Uriyas, girls and backward classes and castes. Under rule 33, the grant allotted to an institution will ordinarily be equal in amount to the

income

income guaranteed to be annually provided under rule 32, after leaving out of account such portion of that income as is required to meet the share to be borne by the management of all expenditure in aid of which grants other than teaching grants for Secondary Schools are sanctionable under the Code. As these rules stand, the amount of grant payable rests solely on the guaranteed income of the school. But the actual practice in the Civil and Military Station of Bangalore is to calculate the amount of grant earned by the school at half the difference between the 'admissible expenditure' (items 1 to6 of the expenditure side of the Financial Statement -Appendix F of the Grant-in-Aid Code) and the fee income. This is based on the practice prevailing in Madras and and the Director of Public Instruction, Madras, who was addressed by the Pay and Accounts Officer, Bangalore, in regard to the question whether the present practice was in accordance with the rules in the Code, stated that the whole question of

the

Last para of S.W.6/k 71/10 (E)

the method of calculating the teaching grants was under the consideration of the Government of Madras in view of the difficulty of strictly following the ruling of the Code and of the possibility of different interpretations of the wording. The Govt. of Madras have in their order No.112-Education, dated the 23rd January 1931 amended rules 32 to 35 of the Grant-in-Aid Code of their Educational Department. A copy of their order is enclosed. The Pay and Accounts Officer, Bangalore, suggests that the corresponding rules in the Grant-in-Aid Code for the Civil and Military Station of Bangalore should be suitably amended with the sanction of the Government of India so that they may be in accord with the existing practice of calculating teaching grants. It is therefore proposed to amend the existing rules 32, 33 and 35 of the Code as also rule 23 as in the draft amendments enclosed.

S.W. 16/k 71/10 (W)

S.W. 20 71/10 (N)

3. The amendment to rule 23 follows that made by the Government of Madras. The proposed

proposed rules 32 and 35 follow those made by the Government of Madras except in respect of sub-rule (2) of rule 35. This sub-rule ~~(2) to rule 35~~ is considered necessary to meet exceptional cases where it may be desirable to make a higher grant.

4. I request that the Government of India may be pleased to sanction the proposed amendments to take effect from the 1st April 1932.

I have etc.,

Resident.

P. V. Krishnaswamy
11.9.31.

Draft amendments to the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore.

Rule 23. - Substitute the following for this rule:-

23. AVERAGE DAILY ATTENDANCE OF PUPILS.-

A grant shall not be given to an institution which had not for the previous official year an average daily attendance of 45 pupils in Forms I to III in the case of middle schools or in Forms IV to VI in the case of high schools.

The Inspector may, however, relax this rule in special cases.

Rule 32. - Substitute the following for this rule:-

32.(i) The amount of grant payable in any one year will normally be based on half the approved net cost for the preceding financial year, i.e., half the excess of the approved recurring expenditure over the income from tuition fees reckoned at standard rates.

Approved recurring expenditure will comprise such expenditure under teaching staff, establishment, rents, taxes, ordinary repairs and upkeep, contingencies and other miscellaneous items (items 1 to 6 and 15 on the expenditure side of the financial statement - Appendix F) as the Resident considers reasonable.

(ii) In addition to the amount payable under sub-rule (i), the management will also be paid a grant equal to

(a) the loss in fee income on account of

of the award of fee concessions under rule 92 of the Madras Educational Rules, and

(b)half the expenditure incurred on scholarships and fee remissions up to a limit of 10 per cent of the fee income reckoned at standard rates provided that the scheme for such scholarships and fee remissions has received the prior approval of the Inspector.

(iii) Registered managements of schools will be allowed to retain any profits they may make during the year subject to the condition that the money thus retained is not allowed to accumulate but is spent with the approval of the Resident on improvements to the school.

Rule 33. - Delete this rule.

Rule 35. - Substitute the following for the existing rule:-

35.(1) The amount of grant ~~of grant~~ payable in any one year may be decreased, should the expenditure be considered as unreasonable, or on account of deterioration of efficiency, or on account of failure to remedy defects in organisation, discipline, instruction or accommodation pointed out in writing after a previous inspection, or as the result of the operation of rule 24 or 36, or on account of insufficiency of funds.

(2) Higher grants may be sanctioned in exceptional circumstances, such as payment of grants towards the improvement of pay and prospects of the staff,

appointment

appointment of staff for special subjects, such as Music, Manual Training etc., or where the net cost to the management on the school (the total expenditure on the school minus the income -Appendix F) is so heavy that the management is unable to bear it unaided, provided that in no case are Government grants made a source of profit to the management.

The grants under this rule are sanctioned by the Resident.

P.V. Krishnaswamy

F.F.C. Edmonds Esq., M.A., B.Sc.,

Inspector of Schools, Coorg & Bangalore.

To

The Secretary to the Hon'ble the Resident

in Mysore, Bangalore.

OFFICE OF THE RESIDENT IN MYSORE.
BANGALORE.
21 NOV 1931
Rcd. No. 10,900

Sir,

Subject

Ordinary grants to Indian Secondary Schools.

I have the honour to enclose herewith the financial statements, fee returns, and other minor returns of the Indian Secondary Schools in the Civil & Military station, Bangalore, for the year 1930-1931.

2. A statement showing the grants earned by the Institutions and those recommended for the current year is enclosed. The manner in which the grants have been calculated has been shown on a separate sheet attached to the statements of each Institution. This is the method of calculation to which the Pay & Accounts Officer objected in 1929, in that it is not in accordance with the Code. New Rules proposed in my letter No.1643/4-24, dated the 12th June 1931 have now been forwarded for sanction to the Government of India and schools have been warned of the impending change in accordance with your letter No.7178/271-1931, dated the 5th October 1931. In the meantime I have adopted the usual method of calculation. The ordinary grants given during 1930-31 have been shown in Column 3. of the statement and those earned for 1931-32 in Column 4.

3. The special grants sanctioned last year on behalf of the Secondary Schools, distinguished by the mark (a) in Column 4 of the statement, were originally sanctioned in 1921-22(Please

(E)

-S.N.48/270-20

see the correspondence ending with the Secretary's No.3210/270-20, dated 7.4.1922) and have been paid since, "for the improvement of the pay and prospects of the teachers". The two additional grants marked (b), are of an earlier date, the one to R.B.A.N.M's High School being intended for the improvement of pay of teachers and the other for St. Joseph's Indian High School for the employment of 3 Indian graduates. These grants have been paid annually in addition to those mentioned above. The grant marked (c) was paid for the last two years to meet the cost of the Music teacher in Goodwill Girls' High School.

4. It has been necessary to reduce the special grants this year (except in the case of C.V.S. Sabha School, whose ordinary grant works out at a lower figure), in order that all schools may receive at least the 'earned' grant. This is mainly a matter of 'reclassification' of the grants under these two heads and the total grants recommended to schools 1,2,4 and 5 are only slightly below those of last year. I shall satisfy myself that no management reduces the pay of his staff on the strength of this reclassification. Schools 3 and 6 are recommended for higher grants than those paid last year. These schools have received total grants less than their 'earned' grant during past years apparently owing to lack of Budget provision, but the other Schools have received a good deal more. I propose therefore to remove to some extent this anomaly this year. In view of the proposed increase in total grant to these schools this year (as compared with last year's figure), I do not propose any grant under the head 'Special grant' in the case of these two schools. I am satisfied that the managements will not reduce the pay of their staffs on this account.

In support of my recommendation to continue special grants to schools 1,2,4 and 5, I give below the net cost to the managements concerned, after taking into account the Government grants.

1. R.B.A.N.M's High School ---	1274-1-1
2. St. Joseph's Indian High School --	6463-7-10
3. St. Aloysius Secondary School --	1789-13-0
4. C.V.S. Sabha School --- --	797-2-7

5. The charges will be met from the allotment under -

"Account II - Education - B. Grants-in-Aid to non-Government Secondary Schools - Grants-in-Aid to Secondary Schools" in the current year's Assigned Tract Budget.

6. The advances already paid will be deducted when the final grants are paid.

7. As remarked on page 8 of the Inspection Report of St. Aloysius Secondary School (vide my No.3971/58-24, dated 28.10.1931) the management have been given small increases to the staff and reduced the number of untrained teachers. In this connection please refer to para 5 of your No.917, dated 9.2.1931.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg & Bangalore.

Statement showing the amount of teaching grants earned by and recommended for the Indian Secondary Schools in the Civil and Military Station, Bangalore, for 1931-32.

No.	Name of School.	Amount sanctioned for 1930-31. Ordinary grants.	Special grant for improvement of pay of staff.	Total.	Amount recommended for 1931-32. Ordinary graht according to the current method of calculation.	Special grant.	Total.	Advance paid already.	Balance to be paid now.	Remarks.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 29, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

he reverse.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the ruturns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

For the year 1930-31.

APPENDIX F.

(Chapter IV, Rule 37, Chapter V, Rule 43 and Chapter VI, Rule 45.)

Financial Statement for use in Secondary Schools and Colleges.

The total on the receipt side (excluding A) should agree with the total on the expenditure side.

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement in the form given below showing the names of the teachers employed, their monthly salaries, and the total salary paid to each.

3. Item 2 should be supported by a separate statement in the form given below showing the designations of the servants, etc., their monthly salaries and the total salary paid to each.

4. Item 6 should be supported by a statement showing the details of the expenditure and in particular accounting separately for each item exceeding Rs. 10.

Serial number.	Name of teacher or servant.	Designation.	Period for which employed.	Monthly salary.			Total salary.			Salary actually paid.		
				Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
			Total ..									

I hereby certify that the expenditure shown above was actually incurred by the management and that the salary actually paid is correctly stated.

Date 19 . *Correspondent.*

NOTE.—For purposes of this statement "salary actually paid" means the amount actually received by each teacher or servant for his personal use or maintenance, no part of which is surrendered or appropriated for the purposes of the school. In the case of honorary or quasi-honorary workers the nominal or assumed salary may be shown under "monthly salary" the real amount being shown under "salary actually paid."

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the ruturns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Wesleyan Boys' Secondary School

Letter dated 16th December 1931 from the Correspondent, Wesleyan Mission Tamil School, Bangalore, to the Inspector of Schools, Coorg & Bangalore.

In reply to your letter No.4455/4-24, dated 12.12.1931, I have the honour to state that of the amount Rs. 67/- shown under item 5 expenditure in the Financial statement for 1930-31 Rs. 15/- was spent on repairs to the windows and walls of the school building. The balance , Rs. 52/- was for repairs to 32. Lakshmana Mudaliar street.

Letter dated 16th December 1931, from the Correspondent, Wesleyan Tamil Mission Schools, Bangalore, to the Inspector of Schools, Coorg & Bangalore.

In reply to your letter No.4454/4-24, dated 12.12.1931 I have the honour to state that item 4 expenditure in the Financial Statement of the Wesleyan Boys' Secondary School for 1930-31 represents Municipal taxes paid on 32 Lakshmana Mudaliar street.

The school buildings are exempt from tax.

Through some error item 5 was given as Rs. 12-8-0. Actually it was Rs. 16-12-8.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the ruturns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

STATION, Bangalore

Dated 25 May 1931.

NOTE.—*See instructions*

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

APPENDIX F.

(Chapter IV, Rule 37, Chapter V, Rule 43 and Chapter VI, Rule 45.)

Financial Statement for use in Secondary Schools and Colleges.

The total on the receipt side (excluding A) should agree with the total on the expenditure side.

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement in the form given below showing the names of the teachers employed, their monthly salaries, and the total salary paid to each.

3. Item 2 should be supported by a separate statement in the form given below showing the designations of the servants, etc, their monthly salaries and the total salary paid to each.

4. Item 6 should be supported by a statement showing the details of the expenditure and in particular accounting separately for each item exceeding Rs. 10.

Serial number.	Name of teacher or servant.	Designation.	Period for which employed.	Monthly salary.			Total salary.			Salary actually paid.		
				Rs.	A.	P.	Rs.	A	P.	Rs.	A.	P.
			Total									

I hereby certify that the expenditure shown above was actually incurred by the management and that the salary actually paid is correctly stated.

Date .19 *Correspondent.*

NOTE.—For purposes of this statement "salary actually paid" means the amount actually received by each teacher or servant for his personal use or maintenance, no part of which is surrendered or appropriated for the purposes of the school. In the case of honorary or quasi-honorary workers the nominal or assumed salary may be shown under "monthly salary" the real amount being shown under "salary actually paid."

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

APPENDIX F.

(*Chapter IV, Rule* 37, *Chapter V, Rule* 43 *and Chapter VI, Rule* 45.)

Financial Statement for use in Secondary Schools and Colleges.

The total on the receipt side (excluding A) should agree with the total on the expenditure side.

Receipts side.

1. The amount shown against item A should agree with the amount shown in the fee returns as fees due for the official year.

Expenditure side.

2. Item 1 should be supported by a separate statement in the form given below showing the names of the teachers employed, their monthly salaries, and the total salary paid to each.

3. Item 2 should be supported by a separate statement in the form given below showing the designations of the servants, etc, their monthly salaries and the total salary paid to each.

4. Item 6 should be supported by a statement showing the details of the expenditure and in particular accounting separately for each item exceeding Rs. 10.

Serial number.	Name of teacher or servant.	Designation.	Period for which employed.	Monthly salary.			Total salary.			Salary actually paid.		
				Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
			Total ..									

I hereby certify that the expenditure shown above was actually incurred by the management and that the salary actually paid is correctly stated.

Date 19 *Correspondent.*

NOTE.—For purposes of this statement "salary actually paid" means the amount actually received by each teacher or servant for his personal use or maintenance, no part of which is surrendered or appropriated for the purposes of the school. In the case of honorary or quasi-honorary workers the nominal or assumed salary may be shown under "monthly salary" the real amount being shown under "salary actually paid."

Ed. E-16.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the ruturns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Instructions for the preparation of the Fee Returns.

1. The fee return forms are intended to show the amount of fees that could be collected if fees were levied strictly at the standard rates given in the Fee Regulations embodied in Chapter VIII of the Madras Educational Rules. The figures to be entered in the several columns of the returns should, therefore, be calculated according to the *standard rates* and not according to the rates fixed by Managers.

2. In girls' schools, the fee income should be calculated at half the standard rates. No fee return need be submitted in the case of schools added under Chapter VI of the Grant-in-Aid Code, but the actual fee receipts of such schools should be entered in the Financial Statement.

3. The classes of pupils or students to be shown in columns 6 and 7 of the fee returns are Muhammadans, Oriyas, girls, and the backward classes and castes enumerated in rule 15 of the Grant-in-Aid Code, who are allowed to pay fees at *half the standard rates* under Chapter VIII of the Madras Educational Rules. Pupils, or students to whom Managers may have granted concessions in the matter of fee rates should not be included.

4. All other pupils or students whether full free or partially free should, for purposes of the returns, be treated as paying full fees, and such pupils or students should be shown in columns 4 and 5 at the amount of fees due from them at *full standard rates* in columns 8 and 9, no account being taken of free scholars or of those to whom special concession of paying partial fees has been given by Managers.

5. In columns 13 and 14 the figures should be entered against the class or form next below that into which the pupils concerned have been admitted—vide Rule 99, Chapter VIII of the Madras Educational Rules.

6. When a student in the third or fourth year University course does not attend the full course but attends one or more divisions only, he should be returned against the division or each of the divisions he is attending.

7. With the fee return a separate statement may be submitted showing the amount of fees, if any, considered to be irrecoverable on account of the death of any pupil or student in the middle of the term or of the withdrawal of any pupil or student whose intention to discontinue his studies altogether has been explicitly signified. The number of such pupils or students, the class or form in which they were reading, the amount of irrecoverable fees at standard rates and the reasons why the fees cannot be recovered should in each case be specified in the statement.

8. The total amount of fees for an official year, as calculated from the fee returns of the school or college for the long and short terms of that year, should be given in the financial statement of the school for the year.

9. The fee returns as well as the financial statements of First-grade Colleges should be submitted direct to the Director, and those of all other institutions to the Inspector or the Inspectress as the case may be. The fee returns should be submitted soon after the close of each term and the financial statement soon after the close of each official year.

Proceedings of the Hon'ble the Resident in Mysore.

---:O:---

No. 646 Dated Bangalore 27th Jany. 1932.

Read:-

S.H.4 Letter No. 4157/4-24, dated the 18th November, 1931, from the Inspector of Schools, Coorg and Bangalore, recommending the distribution of ordinary and special grants to the Indian Secondary Schools in the Civil and Military Station, Bangalore, for the year 1931-32.

O R D E R.

Under rule 35 of the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore, the Hon'ble the Resident is pleased to sanction the following grants for the year 1931-32:-

Name of institution.	Amount of grant sanctioned.
1. R.B.A.N.M.'s High School.	Rs. 8,520/-
2. St. Joseph's Indian High School.	Rs.10,255/-
3. Wesleyan Mission Boys' Secondary School.	Rs. 3,062/-
4. St. Aloysius Secondary School.	Rs. 2,898/-
5. C. V. S. Sabha School.	Rs. 3,249/-
6. Goodwill Girls' High School.	Rs. 6,689/-
Total.	Rs.34,673/-

(Rupees thirty four thousand, six hundred and seventy three only).

2. The charge should be met from the allotment in the current year's Assigned Tract budget estimates under the head "Account II - Education - B. Grants-in-Aid to non-Government Secondary Schools - Grants-in-Aid to Secondary Schools".

3. The advances already paid by the Inspector to the institutions should be deducted when the grants are paid.

4. Of the grant of Rs.3,062/- payable to the Wesleyan Mission Boys' Secondary School, Rs.1,830/- has already been paid as an advance. The balance now payable viz. Rs.1,232/- should not be paid to the School but should be credited to Government as a recovery in part of the amount of Rs.1,463/- due by the School authorities to Government for not utilising for educational purposes the building at 32, Laxmana Mudaliar Street, Bangalore, for the acquisition of which

a grant was given by Government.

O/C

Captain.

SECRETARY TO THE RESIDENT.

The Inspector of Schools, Coorg and Bangalore, for necessary action.

2. Details of items of admissible expenditure should invariably be furnished along with the Financial Statement of schools.

The Accountant General, Madras.
